\*North Toronto Allergy is pleased to serve the **Mandarin-speaking** community

North Toronto Allergy is a full-service clinic for **Adult and Pediatric Allergy & Clinical Immunology** care. We manage patients with a wide range of allergic and immunologic disorders including:

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li>• <b>Food allergies - offering oral immunotherapy (OIT)</b></li><li>• <b>Anaphylaxis</b></li><li>• <b>Allergic rhinitis</b></li></ul> | <ul style="list-style-type: none"><li>• <b>Drug and vaccine allergies</b></li><li>• <b>Urticaria and angioedema</b></li><li>• <b>Eczema</b></li><li>• <b>Immunodeficiencies</b></li></ul> |
|---|---|

The clinic was co-founded by Dr. Audrey Segal and Dr. Lucy Duan, Associate Staff Physicians in the Division of Clinical Immunology and Allergy at SickKids, and faculty at the University of Toronto. We have been providing comprehensive care in allergy and clinical immunology to the North Toronto community for over 10 years. Together with Dr. Melanie Conway and Dr. Shama Sud, we look forward to providing evidence-based and timely care to your patients.

Drs. Segal, Duan, Conway, and Sud are University of Toronto-trained, double board-certified Royal College specialists in Allergy & Clinical Immunology. We look forward to seeing your new patients, and continuing to follow those we already have the privilege to care for.

**Please fax referrals to 416-224-8146**

**Short wait times ~2 weeks!**
